OUR STORY

Started in Schaumburg in 1999, we have 20 years of experience providing great quality and quick, car washing and drying services at both car dealerships and gas stations in greater Chicago. We are now expanding rapidly and are looking at forming partnerships with more car dealerships, car wash operators and gas stations.

We started off washing and drying cars at the car dealerships. We have trusted relationships with over 40 dealerships who rely on us for this service.
